Double K Challengair 9000II
Stand Dryer
Powerful BRUSHLESS motor - 1/3 hp, no maintenance, brushless motor is more powerful than any other stand dryer. Produces 260 cfm to dry animals quickly. Quiet operation - impeller design, housing material and sound damping intake dome all combine to reduce noise levels. Has stable, unbreakable 5 legged stand base. Gas spring-loaded adjustable stand assembly makes height adjustment almost effortless. Ergonomic, large adjustment handles. Versatile heat (cool, low & high heat) and air volume control settings. Impeller fan design produces air under high pressure, allowing the use of a hose with minimal air volume loss. Air intake filter keeps impeller and internal parts clean. Unbreakable, rustproof, dent-proof housing. Optional accessory kit available. Two year limited warranty on parts and labor. Certified for sale in Canada by ESA.

DK9002 Stand dryer $589.95
Accessory Kit Includes 2 ½” diameter by 6’ hose, cage hanger, air diffuser cage hanger, crevice tool and air restricter nozzle. DK9002kit Accessory kit $99.95

Double K Challengair 560 Dryer
Brushless “No Maintenance” motor that requires no brush changes. Helps protect animals from the risk of hyperthermia (overheating) or hypothermia (chilling) - A thermistor, located in the small well beneath the grate, is part of a control system that measures the temperature in the cage and prevents the cage temperature from exceeding approximately 107 degrees. With this control system, the Challengair 560 greatly reduces the risk of animal discomfort or harm. The Challengair 560 has 70% more airflow than any other cage dryer and greater air volume (750 cfm) than any other dryer in its category. It is also the quietest cage dryer on the market. Fits most standard veterinary and grooming cages. Has a 60 minute safety timer. Versatile settings include two air volume and heat adjustments. Air filtration on both air inlets helps keep fan and internal parts clean. Two year warranty on parts and labor. Warranty does not include filters.

DK560 Challengair Cage Dryer $439.95
DK10097 Replacement foam filter set (2) $8.95

Double K 2000 XL Variable & 2 Speed Blowers
Now available in Canada, the 2000XL produces more air volume than other similar dryers due to the aerodynamic housing design and a smooth hose lining which reduces resistance when air travels through the hose, thereby increasing the air volume. At the same time, due to the polyethylene housing it is significantly quieter than other forced air dryers with aluminum or metal housings. The housing itself is virtually indestructible and will not rust, dent or crack as metal housings can. It will retain its beauty much longer than metal dryers. All 6 included nozzles twist-on to the hoses to prevent “pop-off” that can occur with other forced air dryers. Two year limited warranty includes hoses and nozzles. Available in either a two speed or variable speed version.

DK20002 2000 XL 2 Speed (black) $235.95
DK2000V 2000 XL Variable Speed (black) 265.95
DK2014 2000 XL wall mounting kit 28.95
